

ASCA2009 Meeting Program - 2009/9/12(Sat)

	TENKU 1	TENKU 2	TENKU 3
08:00			
08:30			
09:00	Non Cardiac Surgery Chair: Dr. D Cheng, Dr. Seo	New Opioid CVA Meeting (Janssen) Chair: Dr. M Takeuchi, Dr. Okamoto	TEE Seminar for Japanese Board of Perioperative transesophageal Echocardiography (JB-POT) Chair: Dr. K Ohnishi, Dr. Y Koide
09:30	1.Perioperative Care Update on Pacemakers and ICDs Dr. M Rozner 2.Perioperative preparation of cardiac patients undergoing non cardiac surgery	1.Remifentanil in the patient with cardiac disease Dr. D Royston 2.Cardiac anesthesia using remifentanil toward early extubation Dr. M Takeuchi	Lungage: Japanese 1.Principles of Echocardiography Dr. T Noumi 2.Left and Right Ventricular Function Dr. Y Seino 3.Valvular Disease and Surgery Dr. Ohnishi 4.Ischemic Heart Disease Dr. Watanabe 5.TEE in CHD Dr. A Mitnacht
10:00	3.Does Perioperative Coronary Revascularization Improve Cardiac Outcomes in Major Non-Cardiac Surgery ? Dr. Y Mehta 4.Management of pregnant cardiac patients-prepare for the obsteric problems Dr. D Cheng	3.Strategic approaches to remifentanil use and its transition to other opioids in cardiac anesthesia Dr. O Uchida	
10:30			
11:00	5.TEE for Noncardiac Surgery Dr. Terui Dr. A Mizuguchi		
11:30	Luncheon Seminar Abbott Benefits and challenges of outcome surveys of anesthesia Dr. D Cheng Dr. H Nakatsuka	Luncheon Seminar ALOKA Evaluating the cardiac function in the perioperative period Dr. S Kyo The role of TEE in surgeries for congenital heart diseases Dr. N Kin Dr. S Kurokawa	Luncheon Seminar Fukuda Anesthesiology Opportunities and Challenges Ahead Dr. S Morita Dr. J Ulatowski
12:00	The incidence of serious adverse events after major surgery under general anesthesia Dr. H Morimatsu		
12:30	JSCVA General Meeting (for JSCVA Members)		
13:00	Poster Viewing with chair		
13:30			
14:00	MAC Symposium Lungage: Japanese		TEE Workshop Chair: Dr. N Kin
14:30	1.PD III inhibitors in Pediatric Cardiac Anesthesia Dr. J Schwarzenberger 2.New Horizon in Fluid Therapy Perioperative Cardiac Surgery Dr. C Boom		1.Echocardiographic assessment of assist devices Dr. N Kin 2.What Information Can Intraoperative Echo Provide the Surgical Team? Dr. B Milas 3.TEE during OPCAB Surgery Dr. J Shanewise 4.Strain and Flow Dr. K Takenaka 5.Valve Sparing Aortic Root: Echo Cardiography Considerations Dr. S Reeves
15:00			
15:30			
16:00		Peer to Peer Lecture/Discussion Hospira Chair: Dr. Nomura / Commentator: Dr. R Sladen	
16:30		1.Clinical Role of alpha-2 agonist, Dexmedetomidine, in peri-operative and post-operative CV surgery Dr. S Kadiman, Dr. S Nemoto	
17:00		Importance of PA catheter monitoring in CV surgery Dr. K Yoshitani	
17:30		2.Special Lecture: Goal of team work medical practice in acute phase of CV surgery Dr. A Nabuchi	
18:00			
18:30			

Shaded sessions require optional session fees for participation. See Registration Information.

ASCA2009 Meeting Program - 2009/9/12(Sat)

	Aurola	5F Room 1	5F Room 2
08:00			
08:30	Breakfast BD		
	How we can sophisticate Safety System in OR Dr. Furuya, Dr.Soma		
09:00	The Role of Perioperative Care Team during a Cardiac Surgery Chair: Dr. Furuya, Dr. Yamada / Commentator: Dr. Sohma, Dr. Yamauchi	Echo Guided Block	Echo Guided Block
09:30	Lungage: Japanese	Infraclavicular , Axillary	Sciatic (subgluteal , popliteal levels)
	1.The Future Vision of Cardiovascular Anesthesiologists Dr. T Yamada		
10:00	2.How to collaborate with the other specialists in Anesthesia Care Team RN Taki	Femoral , Obturator (anterior & posterior branch)	Femoral , Obturator (anterior & posterior branch)
	3.perioperative role of the pharmacist Ph. T Konishi		
10:30	4.Empirical study on arrangement of anesthesiologists conformed to regional characteristics K Minetaki		
11:00		Sciatic (subgluteal , popliteal levels)	Infraclavicular , Axillary
11:30	Luncheon Seminar Maruishi		
	Dr. Sagawa		
12:00	Dr. Fukada		
12:30			
13:00	Poster Viewing with chair		
13:30			
14:00	The role of Perioperative Nurse during a cardiac surgery Moderator: Dr. Yamauchi, RN Taki	Echo Guided Block	Echo Guided Block
14:30	1.Team communication in management of cardiac patient Dr. R Wu	TAP, RSB	Interscalene , Supraclavicular
	2.The role of Physical assessment for RN Dr. Yamauchi		
15:00	3.Evolution of Certified Register Nurse Anesthetist in Taiwan CRNA H J Yang	Interscalene , Supraclavicular	TAP, RSB
	4.Japanese situation Dr. Ochiai		
15:30	5.The risk and safety management for Cardiac Anesthesia Dr. F Nuevo		
16:00		Infraclavicular , Axillary	Sciatic (subgluteal , popliteal levels)
16:30			
17:00			
17:30			
18:00			
18:30			

Shaded sessions require optional session fees for participation. See Registration Information.
